I have a site visit with Denver schools Wednesday morning if their strike is over. So I could meet for a few minutes either after lunch or in the morning if I don't have to go to the site visit.

That's awesome! I'll watch for the link. If you have a few min during the day next Tuesday to talk through the webinar that would be great! Thank you again.

Sarah B,
Thank you so much for doing this webinar with us and for the SHPs on Feb 25th. I know you have a few slides you said you were going to modify for our audience. Kristi thank you for sending Sarah this Suicide information video link to add.
Sarah, if possible today would you send me the registration link for our participants? I would like to get the webinar info out to them as soon as possible. Thank you again for your support.

Sarah~

Phyllis and I have been in contact regarding your upcoming webinar!!! Thank you for being "volun-told" and agreeing to do this!!!

I was able to review your ppt slides and other materials. It looks GREAT!!

One idea I had was to insert the video Sarah M. sent us into the powerpoint: https://www.youtube.com/watch?v=3BByqa7bhto&feature=youtu.be
I feel like this would be a great closing video or beginning video…however you would like to weave it in! It's less than 4 minutes long but it really is an attention getter!!

I also discussed with Phyllis that this webinar would be great for School Threat Assessment/Crisis Teams. We would like to include some language around that audience so that school health techs/nurses, Admin, Support Staff, and obviously School Professionals are included in the viewing of this webinar.

Is there any way you can create the link/registration for this webinar and send it to us so that we can get an email out to our ListServ ASAP? Maybe we don't do a "registration" but just the GoTo link for the webinar. And, just confirming that you would be able to get through this information in 60 minutes. I think that's how long you needed for your Nurses. That would be perfect for our group as well, 1-2pm on Feb 25—two weeks from today!

Again, thank you so much! I think this really highlights our focus on suicide prevention education and other mental and behavioral health supports we provide for our SPG districts/charters!! ☺

~Kristi
